**We AI disrupt
the conference & event industry**

Livemedia Platform

A 3D rendering of a person's head and shoulders in profile, wearing a white VR headset. The head is composed of a wireframe mesh, and the background behind the head is a soft, glowing blue light.

Upgrade your conferences and events with AI

Livemedia is the ultimate platform for managing digital, hybrid, and in-person events, offering advanced AI-powered tools that fully meet the needs of organizers and participants alike.
